

Application: SOURCE for Commercial Premises

Site Name: Australian Conservation Foundation

Location: Melbourne, Victoria

Installation Method: Rooftop

Array Size: 3 Hydropanels

Project Overview

The Australian Conservation Foundation is bringing a sustainable drinking water solution to Melbourne with the installation of three SOURCE Hydropanels. Today the members of the Australian Conservation Foundation enjoy clean, renewable drinking water made from sunlight and air! Over its lifetime, this SOURCE array will offset over 60,000 plastic water bottles.

This project received funding as part of ARENA's Advancing Renewables Program.
